# SOME INITIAL THOUGHTS

What elements set this area apart and makes it **unique** from other parts of Tempe or the Valley?

What elements should be preserved, enhanced, changed, added, or taken out to improve the area?

Is this an area where one can  
be young *and* old; can one  
**age-in-place** here?

Is the current **mix and balance** of land-uses appropriate?

What design criteria can we put in place to improve the **quality of design** and ultimately, the community?

What is one thing you want to see in the **future**?

What is one thing you **do not**  
want to see in the **future**?
